

Iraan High School Bulletin

Week of April 17th – 22nd

The Spring Semester always presents days in which large numbers of students are off of the campus competing in extra-curricular events. If your child is not involved in these events, it is imperative that they are in school. While their schedule may be altered based on the availability of substitutes, they will have work to complete and their attendance still falls under the same rules as any other day. Students who leave early or fail attend school without a valid reason will receive unexcused absences and may lose exemptions on final exams. We ask for your cooperation in keeping our students in class. Thank you.
